Frozen Beverages in a Fraction of the Space with Ultra-1

The Ultra-1 Gourmet Ice[®] dispenser allows operators to make wonderful frozen beverages in just 20.1 cm of counter space. A patented reversing auger speeds freeze time and reduces air mixing. This easy-to-program unit has a touchpad display, enhanced “no lube” three-piece faucet, and an internally monitored refrigeration system for prolonged performance. One large, 11.4 litre hopper provides optimum cooling and serving capacity. The touchpad display guides cleaning and preventive maintenance.

Like the other BUNN Gourmet Ice[®] dispensers, the Ultra-1 has a full 3-year parts and labor warranty on the electronics and a 5-year parts warranty on the compressor. Stainless/white, black and stainless, and all-black models are available in 120 and 230 volt configurations.

For information about BUNN products, parts and service, please contact BUNN Ltd., 7 Beaufort Court, Roebuck Way, Knowhill, Milton Keynes, MK5 8HL, United Kingdom or phone (44) 1908 241222, fax: (44) 1908 241224 or email international@bunn.com.
