

Beverage Equipment Systems for
**COLLEGE &
UNIVERSITY**

Forty-four percent of college students said the dining hall scene factored into their decision on where to attend college*. Colleges and Universities are full of students and faculty with tastes influenced by a wide variety of backgrounds. Successfully catering to these preferences is the mark of an exceptional and appealing dining hall experience. This set of recommended equipment covers every beverage type, is ideal for the College and University channel and addresses customer demand as well as operator profitability.

COFFEE

Serve quality coffee for any plumbing set up, environment, or service volume

Infusion Series®

Achieve a variety of flavor profiles and batch options with programmable Digital Brewer Control, dial in your beverages with USB recipe programming, and tackle any environment with versatile serving options
